QORAX SPF60 sunblock is Broad Spectrum SunScreen which contains Vitamin E

Qorax SPF 60 Sunblock – Dermatologist Recommended for Ultimate Sun Protection & Skin Care

Punchline:

"Qorax SPF 60 – Trusted by Dermatologists and Loved by Skin!"

Product Overview:

Qorax SPF 60 Sunblock is a **dermatologist-recommended** sunscreen designed to provide **broad-spectrum UVA & UVB protection** while nourishing and hydrating the skin. Its advanced formulation, powered by **Titanium Dioxide and Zinc Oxide**, creates a protective shield against sun damage, reducing the risk of sunburn, premature aging, and hyperpigmentation.

Enriched with **Vitamin E and Aloe Vera Extract**, this sunblock not only defends your skin but also replenishes moisture, soothes irritation, and enhances skin health. The **lightweight, non-greasy formula** absorbs quickly, making it perfect for **daily wear under makeup or alone**.

Why Dermatologists Recommend Qorax SPF 60?

- ✓ **Broad-Spectrum UVA & UVB Protection** – Shields against sunburn, dark spots, and aging.
- ✓ **SPF 60 High Protection** – Blocks up to 98% of harmful UV rays.
- ✓ **Non-Greasy & Lightweight** – Absorbs quickly without a sticky or white residue.
- ✓ **Hydrating & Soothing** – Aloe Vera & Vitamin E deeply nourish the skin.
- ✓ **Water-Resistant & Long-Lasting** – Ideal for outdoor activities and extended sun exposure.
- ✓ **Suitable for All Skin Types** – Gentle yet effective, even for sensitive skin.

Key Ingredients & Benefits:

- **Titanium Dioxide & Zinc Oxide** – Mineral-based UV filters that **reflect and scatter harmful rays**, preventing sun damage.

- **OMC (Octyl Methoxycinnamate)** – A powerful **UVB absorber** that helps prevent sunburn and skin damage.
- **Benzophenone** – An effective UVA & UVB blocker that protects against **photoaging and hyperpigmentation**.
- **Caprylic/Capric Triglyceride** – A lightweight emollient that **locks in moisture** and keeps skin soft and supple.
- **Aloe Vera Extract** – Known for its **soothing and hydrating** properties, it helps calm redness and irritation.
- **Vitamin E** – A potent antioxidant that **fights free radicals**, repairs skin damage, and promotes a **healthy, youthful glow**.

How to Use:

1. Apply **Qorax SPF 60 Sunblock** generously on clean, dry skin **15 minutes before sun exposure**.
2. Reapply **every 2 hours**, or after swimming, sweating, or towel drying for continuous protection.
3. Use **daily**, even on cloudy days, for maximum protection against **UV rays, blue light, and environmental stressors**.

Conclusion:

Qorax SPF 60 Sunblock is more than just a sunscreen—it's dermatologist-approved protection and care for your skin. Whether you're enjoying the outdoors, heading to work, or just running errands, **trust Qorax to keep your skin safe, hydrated, and radiant every day!**
